FENDI ARTIST BAGUETTE: PAINT YOUR OWN

Fendi has created the ultimate way to let your inner artist out: The **Artist Baguette** allows you to paint your purse in any way you fancy.

The baguette comes looking like this—pristine white, in a colorful box that includes special markers for decorating your Fendi. Since this season is all about artistry, I think the bag is right on trend.

I love flowers, so I would paint mine with an array of colorful blooms. How would you paint your Fendi Baguette? Let us know!

What a great idea!

I'd marker mine sky blue with a bright yellow sun color near the buckle.

I might also put

"I (heart) Fashion" on the strap.

With having been in the Navy and coming in contact with Fendi in the beginning. I truthfully have to say that I really do like this purse design/presentation. It is true really, not a harsh dry slap in the face as such. The matt finish dark olive and wide matt finish black plaid patterns will be remembered.

Very childish. The bag should be a tote for kids to paint.

WHAT IS THE PRICE OF THE PURSE? I AM A GRAPHIC DESIGNER, BUT HOW MANY OTHERS ARE ARTISTIC ENOUGH TO TAKE ON THIS PROJECT?

WHAT IS THE FABRIC OF THE WHITE PURSE?

Large polka dots and stripes

I love this idea all fashionistas at 8880 will be getting one of these Fendi bags. They are very innovative that's how they stay a leader in the market for fashion.

I love drawing so I am going to draw colorful batik motif on my bag with gold outline to create a night purse.

This reminds me of a kit I bought years ago for my daughter at Toys R Us. I hold a Bachelor of Fine Arts degree from Parsons School of Design and own a fleet of every great bag you can imagine and I think this is hilarious. If you really want to decorate your own bag, why spend \$1300 for a Fendi and some markers?

As an artist, I would go for something different like taking the black marker and drawing vertical lines in varying widths to make it look like a bar code.

When I saw this new Fendi Baguette, I was blown away by this creative idea! I would want to display my art on the Baguette, so I would draw my own fashion sketch (after practicing on paper, of course). And since I love typography, I would draw "Fendi" in different fonts next to my sketch.

too expensive for this girl, but i would ask my goddaughter to decorate a treasure to be passed on one day from me to her child. thanks for the frivolity!
