Organize Your Closet

It's almost time to put away those bulky winter outfits and pull out your sleek spring wardrobe. Is your closet ready for the new season? If not, we Neiman Marcus editors are here to help. Here are some great home accessories I recommend to help you keep your wardrobe flawlessly organized all year long.

Hang clothes stylishly and keep your shoes in shape. These [mink hangers](#) are a luxe way to organize your favorite outfits. They also avoid the problem of misshapen shirts from pointy dry-cleaner hangers. The [mink shoe trees](#) keep shoes from getting squished in the back of the closet. You also might want to lift your shoes off the floor with hanging bags. They are a simple and easy way to keep shoes organized.

These ingenious [Animal-Print Hampers](#) double as vanity stools. I have both the leopard print and the tiger print, and use one hamper for darks and one for lights.
